

Please make sure you read Installation instructions first so you get to the home page

1) App link to get to assessment is http://127.0.0.1:8000/api/start_game

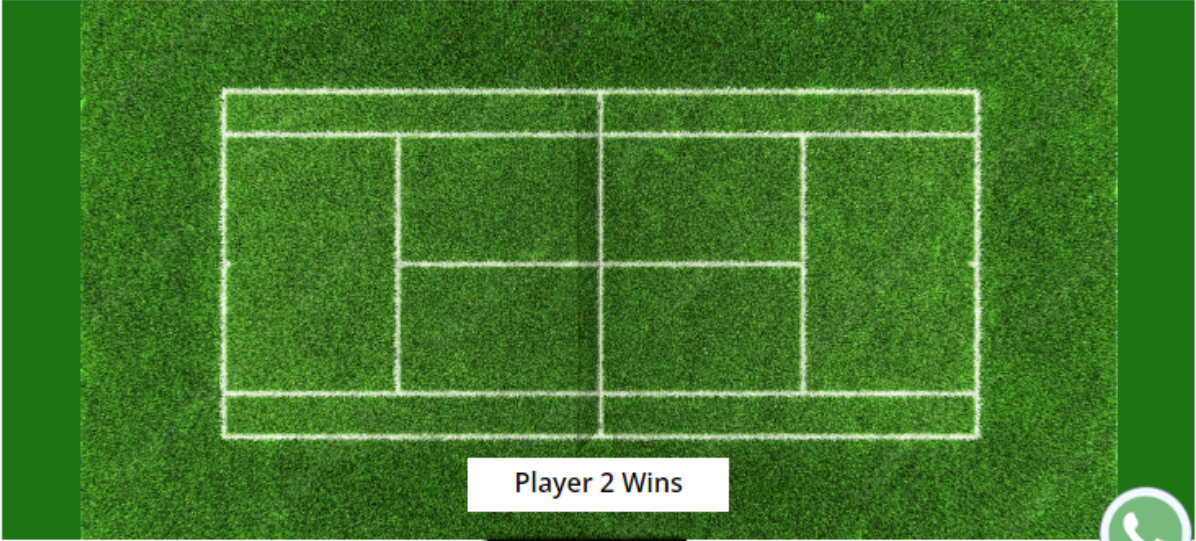

The interface is simple with 3 main buttons:

- Add point button on the left adds points for player 1
- Add point button on the right adds points for player 2
- Reset Game button restarts the game

2) When the game is over you are shown which player wins and you can restart the game

Home > Start Game

Player 1	Player 2
Score (Thirty)	Score (Winner)
Points: 2	Points: 4

Player 2 Wins

[↺ Reset Game](#)
