1) Open your Terminal or Git Bash.

   Please make sure you are in your laravel project root where the vendor folder is located, you can check this by running this command

   ls

2) Run the following command to start the Unit test
   vendor/bin/phpunit tests/Unit/GameControllerTest.php

```
PHPUnit 9.6.20 by Sebastian Bergmann and contributors.

.                                                             1 / 1 (100%)

Time: 00:00.510, Memory: 22.00 MB

OK (1 test, 4 assertions)
